This is a tentative schedule. Although every effort is made to adhere to this schedule, students must keep in mind that, depending on several variable factors, adjustments in course availability and timing are usually necessary. Use the schedule in planning, but also be prepared to be flexible. Note: A limited schedule is offered in the Summer quarter, with each Summer's schedule affected by which professors are on sabbatical. Plan your schedule, in regard to both required and elective courses, especially noting variable course availability in the Summer quarter.
