Severe Weather Policy

- In the case of inclement weather, Baylor Law follows the same opening/closing schedule as the main Baylor University campus.
- If classes or exams are canceled or delayed, local media outlets will be contacted by 7 am, and they will announce the closing or delay.
- We will attempt to post the closing/delay on our web page and social media and we will also attempt to notify all students by email as soon as possible.
- If classes are not canceled, but a particular professor needs to cancel a class, we will attempt to notify students by email as soon as possible.
- If classes are not canceled, students are expected to use good judgment to determine if they can safely drive to the law center.

We care about the safety of our students and expect each student to make prudent decisions about attendance in inclement weather.
